Your Guide to Getting Treatment

We want to make sure that getting treatment is as stress free as possible for you or your family.

Before treatment

Contact our Customer Care team prior to treatment. You can contact us 24 hours a day via live chat on your secure online Customer Area, phone or email (See page 3 for details).

- We can help you arrange your treatment plan, and point you in the right direction, saving you the time and hassle of looking for a hospital, clinic or medical practitioner yourself.
- We can liaise directly with your treatment provider to ensure the treatment that you are about to undertake is covered under your policy and issue a prior authorisation.
- We can liaise directly with your treatment provider to arrange direct billing by issuing a guarantee of payment.

If it's an emergency and you can't call us before, contact us within the next 48 hours.

Receiving treatment

- Please remember to take your Cigna Healthcare ID card with you. A copy of your Cigna Healthcare ID card is available in your secure online Customer Area.

After treatment

In most cases we will pay your hospital, clinic or medical practitioner directly.

- We will only pay the parts of the treatment costs incurred which are covered.
- All beneficiaries are responsible for paying any deductible or cost share directly to the hospital, clinic, medical practitioner or pharmacy at the time of treatment.

A list of Cigna Healthcare network hospitals, clinics and medical practitioners is available in your secure online Customer Area or you can contact our Customer Care team for more information.

If you've paid your hospital, clinic or medical practitioner yourself.

- Submit your invoice and claims to us:
 - Online via your secure online Customer Area;
 - Or via email, fax, or post (See page 13).
- We will reimburse you (less your applicable deductible and/or cost share option).
- We aim to process your claim within 5 working days after receiving all necessary documentation.

You can download your claims forms from your secure online Customer Area or at www.cignaglobal.com/help/claims

Please note there may be certain countries where we are unable to pay a provider directly. In this instance, you will be responsible for paying any treatment costs to your provider and Cigna Healthcare will reimburse you.

Please note, we may, at our sole discretion and without notification, make changes to the Cigna Healthcare network from time to time by adding and/or removing hospitals, clinics, medical practitioners and pharmacies.

Before getting *treatment*, please read the following information regarding prior *authorisation*, emergency *treatment*, and getting *treatment* in the USA.

Prior authorisation

Please call us as soon as possible before you receive *treatment* under the International Medical Insurance plan, and any of the additional modules you have selected (if applicable).

Prior *authorisation* is **required for all Inpatient and Daypatient treatments** as indicated under each applicable *inpatient* and *daypatient* benefit. It is **not required for most Outpatient treatments** with the exception of the *treatments* listed on page 27.

We may ask for further information, such as a medical report in order for us to approve *treatment*. We will confirm authorisation, and where applicable, the number of *treatments* approved.

If you do not get *prior authorisation* from us, there may be delays in processing claims and we will reduce the amount which we will pay by:

- 20% if you did not call us for prior authorisation when it was required. This applies for any referenced *inpatient* and *daypatient treatments* (and some *outpatient treatments*) both inside the USA and outside the USA.

In most circumstances, we will give a *beneficiary* or a *hospital, medical practitioner or clinic* a *guarantee of payment*. This means that we agree in advance to pay some or all of the cost of a particular *treatment*. Where we have given a *guarantee of payment* we will pay the *beneficiary* or *hospital, medical practitioner or clinic* the agreed amount on receipt of an appropriate request and a copy of the relevant invoice, after the *treatment* has been provided.

Emergency treatment

We appreciate that there will be times when it will not be practical or possible to contact us prior to *treatment* in an emergency and the priority is to get *treatment* as soon as possible. In circumstances like these, we ask that you or the affected *beneficiary* get in touch with us within 48 hours of receiving the *treatment*. This will allow us to confirm whether your *treatment* is covered and arrange settlement with your *treatment provider*.

We may ask for further information, such as a medical report in order for us to approve *treatment*. We will confirm approval, and where applicable, the number of *treatments* approved.

If a *beneficiary* has been taken to a *hospital, medical practitioner or clinic* which is not part of our network, then we may make arrangements (with the *beneficiary's* consent) to move the *beneficiary* to a Cigna Healthcare network *hospital, medical practitioner or clinic* to continue *treatment*, once it is medically appropriate to do so.

Getting treatment in the USA

If a *beneficiary* decides to receive *treatment* at a *hospital, medical practitioner, clinic or pharmacy* which is not part of the Cigna Healthcare network, we will reduce any amount which we will pay by 20%.

We realise that there may be occasions when it is not reasonably possible for *treatment* to be provided by a Cigna Healthcare network *hospital, medical practitioner, clinic or pharmacy*. In these cases, we will not apply any reduction to the payments we will make. Examples include, but are not limited to:

- when there is no Cigna Healthcare network *hospital, medical practitioner, clinic or pharmacy* within 30 miles/50 kilometres of the *beneficiary's* home address; or
- when the *treatment* the *beneficiary* needs is not available from a local Cigna Healthcare network *hospital, medical practitioner, clinic or pharmacy*; or
- when the *treatment* is *emergency treatment*.

For customers residing in the USA, we offer a home delivery pharmacy if you have a mailing address in the USA. This service may be a convenient option if you develop a condition that requires to take regular medication. Terms and conditions apply.

How to Submit Claims

If you have paid for your treatment yourself, you can send your invoice and claim form to us. The easiest way to do this is via your secure online Customer Area.

You will need:  The **Invoice** from your medical provider  A completed **Claims Form**  The **Receipt** from your payment

Please clearly state your policy number on any documentation you submit to us.

Important information

- You and all beneficiaries must comply with the claims procedures set out in this Customer Guide.
- We can reimburse you using bank wire transfer or cheque.
- We may need to ask for extra information to help us process a claim, for example: medical reports or other information about the beneficiary's condition or the results of any independent medical examination that we may ask and pay for.
- Beneficiaries should submit claims forms and invoices as soon as possible after any treatment. If the claim and invoice is not submitted to us within 12 months of the date of treatment, the claim will not qualify for payment or reimbursement by us.

Subject to the terms of this policy, we will pay for the following costs related to your claim:

- Costs as described in the list of benefits section of this Customer Guide as applicable on the date(s) of the beneficiary's treatment.
- Costs for treatment which have taken place, however, we will not cover future treatment costs that require payment deposits or payment in advance.
- Treatment which is medically necessary and clinically appropriate for the beneficiary.
- Reasonable and customary costs for treatment, and services related to treatments which are shown in the list of benefits. We will pay for such treatment costs in line with the appropriate fees in the location of treatment and according to established clinical and medical practice.
- If you exceed any individual benefit sub limit, or the overall annual benefit limit, we will seek reimbursement from you to cover the costs where you have exceeded your limit.

How Deductible and Cost Share work

Our wide range of deductible and cost share options allow you to tailor your plan to suit your budget. You can choose to have a deductible and/or cost share on the International Medical Insurance and/or on the International Outpatient optional module.

If you chose a deductible and/or cost share, your premium will be lower than it otherwise would be.

- **Deductible** - this is the amount you must pay towards your cost of treatment until the deductible for the period of cover is reached.
- **Cost Share** - this is the cost share percentage you must pay towards your cost of treatment. This applies once the deductible amount (if selected) has been calculated.
- **Out-of-Pocket Maximum** - this is the maximum amount of cost share you have to pay per period of cover. Only the amounts you pay related to the cost share are subject to the capping effect of the out of pocket maximum.

If you have selected a deductible and/or cost share, the examples below demonstrate how it works.

Example 1:

How the deductible works

Claim value: **\$1,200**

Deductible: **\$375**

Once the deductible amount has been reached, we pay for all subsequent treatment costs for that period of cover. In this example, the deductible amount has now been reached for this period of cover.

Example 2:

How the cost share works

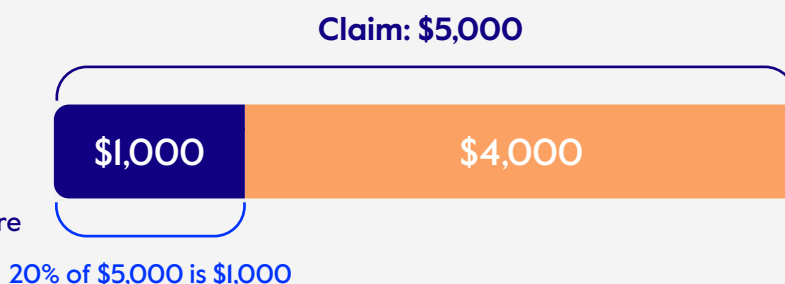

Claim value: **\$5,000**

Deductible: **\$0**

Cost share: **20% = \$1,000**

Out of Pocket Maximum: **\$2,000**

The amount of cost share is subject to the capping effect of the out of pocket maximum. In this example, \$1,000 has been paid towards the \$2,000 out of pocket maximum for this period of cover.

Example 3:

How the **cost share** and **out of pocket maximum** works

Claim value: **\$20,000**
Deductible: **\$0**
Cost Share: **20% = \$4,000**
Out of Pocket Maximum: **\$2,000**

The out of pocket maximum protects you from large cost share amounts.
In this example, you have satisfied your out of pocket maximum and we will cover the rest for this period of cover.

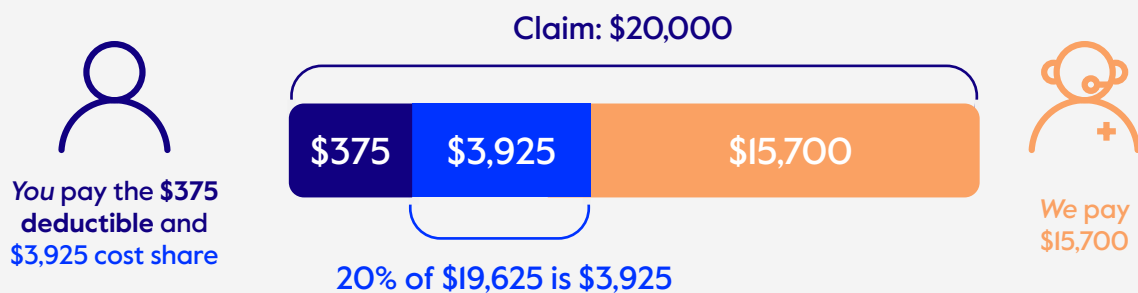

Example 4:

How the **deductible** and **cost share** work if you have selected both

Claim value: **\$20,000**
Deductible: **\$375**
Cost Share: **20% = \$3,925**
Out of Pocket Maximum: **\$5,000**

The deductible is due before the cost share is calculated.
In this example, your deductible of \$375 is taken off the cost of treatment first and then the 20% cost share is calculated. \$3,925 has been paid towards the \$5,000 out of pocket maximum for this period of cover.

Important information

- You will be responsible for paying the amount of any deductible and cost share directly to the *hospital, clinic, medical practitioner* or pharmacy.
- The deductible, cost share, and out of pocket maximum is determined separately for each *beneficiary* and each *period of cover*.
- If you select both a deductible and a cost share, the amount you will need to pay due to the deductible is calculated before the amount you will need to pay due to the cost share.
- You can request a change to the deductible and/or cost share and out of pocket maximum with effect from your *annual renewal date* each year. If you wish to remove or reduce your deductible, cost share or reduce your out of pocket maximum on your coverage, we may require you to provide us with more detailed medical information (including medical information of any *beneficiaries* if relevant) and we may apply new special restrictions or exclusions based on the information you provide us with.
- You can remind yourself of any deductible or cost shares you may have selected by checking your *Certificate of Insurance* which is available in your secure online Customer Area.

International Medical Insurance

Our plans comprise of 3 distinct levels of cover: Silver, Gold and Platinum.

International Medical Insurance is *your* essential cover for *inpatient*, *daypatient* and accommodation costs, as well as cover for cancer, mental health care and much more.

As per our definitions in your *Policy Rules* document:

- **Inpatient** means a patient who is admitted to *hospital* and who occupies a bed overnight or longer, for medical reasons.
- **Daypatient** means a patient who is admitted to a *hospital* or *daypatient* unit or other medical facility for *treatment* or because they need a period of medically supervised recovery, but who does not occupy a bed overnight. This also includes surgical procedures carried out in a *doctor's surgery*.
- **Outpatient** means a patient who attends a *hospital*, consulting room, or *outpatient clinic* for *treatment* but is not admitted as a *daypatient* or an *inpatient* and does not occupy a bed.
Some benefits (Cancer care, Advanced Medical Imaging and Mental health care) included under the International Medical Insurance provide cover for treatment on *inpatient*, *daypatient* and *outpatient* basis. For all other benefits, you will need to add the optional International Outpatient module to be covered for *outpatient* treatment, as indicated in the benefit descriptions.

Important to note, **Prior authorisation** is required for all *Inpatient* and *Daypatient* treatments. Please refer to Page 12 for more information regarding Prior Authorisation and Page 3 for contact details. For all general exclusions please refer to your *Policy Rules* document found in your Customer Area.

The following pages detail the optional benefits you may have chosen to add to your core cover – International Medical Insurance.

Take a look at your certificate of insurance to remind yourself exactly what cover you have.

International Outpatient

Optional Module

The International *Outpatient* optional module provides more comprehensive *outpatient* care where a *hospital* admission as a *daypatient* or *inpatient* is not required, including consultations with specialists, prescribed *outpatient* drugs and dressings, *rehabilitation*, genetic cancer testing and much more.

As per our definition, *Outpatient* means a patient who attends a hospital, consulting room, or *outpatient clinic* for treatment but is not admitted as a *daypatient* or an *inpatient* and does not occupy a bed.

You do not require *prior authorisation* for most of the International Outpatient benefits. However, *prior authorisation* is required for the following outpatient benefits:

- Genetic Cancer tests
- Infertility investigations and *treatment*
- Physiotherapy, chiropractic and osteopathy *treatments* when you have exceeded IO sessions (Note: a *prior authorisation* is not required for the first IO sessions referred by a *medical practitioner*).

For any other treatment under the International Outpatient module, you do not need to contact us for *prior authorisation*.

If you do not obtain a required *prior authorisation* from us, there may be delays in processing claims and we will reduce the amount which we will pay for that treatment by 20%.
